

GROUP WORKOUT#8

Task #1: Compare index card “Draw A Square” homework, identify and note, below, each revelation.

Task#2: Do the same as the above with the “Parallel Lines” assignment.

Task#3: Based upon your newly acquired knowledge of drawing, describe what you see in this drawing which supports a lesson or lessons learned.

Task#4: Just in case you might have missed one of the following lessons, double check your above descriptions with this list of lessons. 1. Line: Its weight, action and character. 2. Perspective. 3. Drawing the cube and cylinder. 4. Drawing scrolls and drapery. 5. Drawing an organic form or plant.

Task#5: Compare homework assignment of drawing a plant to identify successes, revelations and problems.

Address “CONTINUITY OF FORM”, or the importance of sensing the hidden edges as in the back side of an ellipse.

Pay particular attention to the descriptive weight of line, i.e., where it describes real edges or transitional surfaces.

Task#6: Report your group notes to the class.
